**CONVERSION OF ALL HOSTELS INTO SELF CATERING**  
**EFFECTIVE FIRST SEMESTER 2021/2022 ACADEMIC YEAR**

---

Reference is made to the above subject.

Please be informed that effective first semester 2021/2022 academic year, all non self catering hostels will be converted into self catering. This means that the university will stop feeding students.

Please take note of the following:

- 1) We will need the cooperation of all students in university accommodation to facilitate the conversion of rooms into self catering.
- 2) As you report for the first semester of the 2021/2022 academic year, you will be required to bring a portable two plate cooker which you can easily plug into the socket. This is among other things you will be required to bring such as plates, spoons etc.

If there is any clarification needed regarding this matter, please contact the Dean of Students Office.
