

INTERNATIONAL CRANE FOUNDATION

Unlocking Biodiversity Data for Research & Conservation.

📍 **Venue: Lecture Theatre** 📅 **Date: 16/04/2026** 🕒 **Time: 15:00hrs**

About KFWIS

The Kafue Flats Wetlands Information System (KFWIS) is a centralized digital platform for biodiversity data in the Kafue Flats, supporting research, ecological monitoring, and evidence-based conservation.

Why Attend?

- ❖ Learn how to access biodiversity datasets
- ❖ Understand data submission processes
- ❖ Explore applications in research and conservation

Who Should Attend?

Students and researchers in Ecology, Wildlife Management, Forestry, Fisheries, Botany, Environmental Sciences, and any related fields.

Presenters

Kelvin Steven Floyd
Email: floyds@savingcranes.org

Douglas Munenga
douglasm@savingcranes.org

Join us and be part of advancing biodiversity conservation in the Kafue Flats!
